COMPANY PROFILE

Sheffield Pharmaceuticals, founded in 1850 by Dr. Washington Sheffield, invented the first toothpaste and was the first to package toothpaste in a tube.

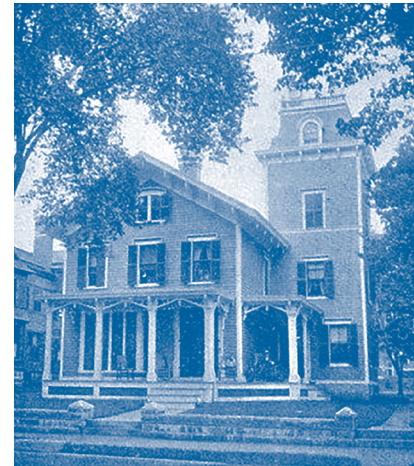

Today Sheffield is a thriving pharmaceutical manufacturer located in the same location where Dr. Sheffield started his company 172 years ago.

Sheffield is a trusted partner with regional New England retailers as well as many large nationwide retailers.

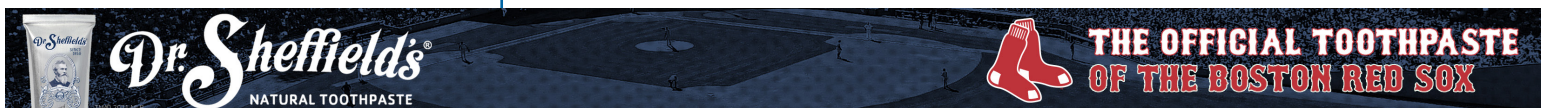

Sheffield is committed to offering high quality products at competitive costs.

CORE COMPETENCIES

- In addition to our manufacturing of OTC pharmaceutical products our one-of-a-kind R&D department allows Sheffield to formulate and manufacture unique and customized pharmaceutical products.
- OTC "Over the Counter" producer of topical, creams, ointments, nasal sprays and toothpaste.
- Proficient in packaging products in tubes, bottles & packets.
- Diverse product line: ear care, nasal products, foot care, antifungal creams, topical pain relief, antibacterial creams & ointments.
- One of the oldest and most well known manufacturer of prescription and natural toothpaste.
- Throughout its 172 years Sheffield has remained a strong, reliable, resilient & trusted supplier to all of our customers.

Dr. Sheffield's original home in New London CT, where Sheffield's corporate office is still located today.

PAST PERFORMANCE

CVS Health, Walgreens, Walmart & Universal Marine Medical Clinics

Trusted supplier and strategic partner of private label own brand products for over 10 years.

DIFFERENTIATORS

Sustainable & renewable packaging & factory initiatives

- We have multiple natural gas generators that supply the factory with its own power in order to operate.
- We are an environmentally conscious company, leading the effort to provide sustainable & renewable product packaging with a negative carbon footprint and compostable components.

State of the art factory and warehousing capabilities

- Automation of factory machinery & serialization machinery capabilities.
- Wide range of filling competencies.
- New climate controlled 140,000 Sq ft fulfillment center.

Superior product quality & service

- Quality focused team that includes professional chemists, R&D, QA / QC, sales & customer service. Executive team with over 15+ years with Sheffield and 20+ years of experience in the industry
- Detail oriented customer service team insures rapid response time
- FDA certified & cGMP certified
- As one of the oldest consumer packaging companies in the US, we provide our partners with quality products in a timely manner at a competitive price.
- Long term Retail partners include, CVS, Walmart, 3M, Walgreens & distributors such as McKesson & Cardinal Health.
- Keeping with company tradition, Sheffield produces various toothpaste products including prescription toothpaste for companies such as 3M & Prasco Labs.

Competitive pricing

- Efficiencies in manufacturing such as factory automation give us the ability to take on more production capacity with minimal or no supply interruptions.
- Long term supplier & vendor relationships which support low raw material & packaging costs.
- Committed to managing quality assurance activities. Which include cGMP (Current Good Manufacturing Practices)[21 CFR Part 210 and 211). This guarantees that the drug products manufactured by Sheffield Pharmaceuticals have the safety, identity, strength, quality, and purity that it purports or is represented to possess.

Manufactured & packaged in the USA

- Even with supply chain disruptions we are committed to delivering product in a timely manner. This is due to all products being manufactured domestically where as most suppliers rely on product sourced from other countries.
